EDUCATION

Tech 901 Intensive Web DevBootCamp

July, 2022

Certificate of Completion - Web development

Memphis, TN

- Completed a rigorous full-stack web development boot camp at Tech 901, with a focus on building dynamic and responsive websites using React Bootstrap and other cutting-edge front-end technologies.
- Gained extensive hands-on experience in creating complex web applications from scratch, as well as collaborating with team members to tackle coding challenges and solve problems.
- Developed a solid understanding of front-end development concepts such as HTML, CSS, and JavaScript, as well as back-end technologies like Node.js and MongoDB.
- Acquired proficiency in using Git and GitHub for version control and project management, and honed my ability to ask thoughtful questions and seek out feedback from peers and mentors.

Committed to continuing education and growth as a web developer, and excited to apply my skills and knowledge to contribute to meaningful projects and initiatives in the tech industry.

WORK EXPERIENCE

Freelance: Captivating Cocktails

Oct. 2022 – Present

Synopsis: *Client project where I overcame design and communication challenges to create a visually impactful online presence that encapsulated the client's brand and meaning for their local mobile bar.*

Memphis, TN

- Translated client's brand vision into a visually appealing website using HTML, CSS, and JavaScript
- Collaborated closely with the client to ensure the website accurately represented her brand's meaning and presence
- Overcame challenges in communication by actively listening and providing regular updates to the client throughout the development process
- Developed custom features such as a menu section and contact form to enhance user experience
- Optimized website for mobile viewing to cater to the client's target audience
- Provided ongoing technical support and maintenance for the website post-launch

Labyrinth

March. 2022– Aug. 2022

Youth Stem Tutor

Remote

- Designed and delivered engaging STEM lessons to promote a love for learning and problem-solving skills.
